As a final word let me say that I have endeavored to keep the prices of plants as cheap as possible. Extremely high prices for seed, the high cost of labor with advance prices on everything that enters into the raising and shipping of plants have forced me to advance my prices slightly. Your past orders have been much appreciated. May I have them again? Thank you in advance.

For rush orders Telephone Long Distance Phone 9427 or wire Western Union or Postal Telegraph Companies.

Yours truly,

W. J. MYERS, MASSILLON, OHIO
